

AKSHAT SHARMA

MERN Stack Developer + Practical AI Knowledge | React.js | TypeScript | Node.js | GraphQL | PostgreSQL

Jeeran, Dist. Neemuch, MP 458336 | Phone: +91 91315-54813 | Email: akshatsharmajrn@gmail.com
GitHub: github.com/akshat26120 | LinkedIn: linkedin.com/in/akshat-3575b5189

PROFESSIONAL SUMMARY

Full Stack Developer with 2 years of combined development experience across full stack web development, frontend development, backend development, and Shopify app development. Strong experience building production applications using MERN Stack technologies including React.js, Node.js, Express.js, JavaScript, TypeScript, MongoDB, REST APIs, GraphQL, PostgreSQL, and Prisma ORM. Experienced in responsive web development, reusable components, component-based architecture, state management, API integration, database integration, authentication, drag-and-drop builders, live preview, performance optimization, debugging, and functional testing. Practical AI knowledge including AI API integration, Generative AI, LLM concepts, prompt engineering, and AI-assisted development. Experienced with Git, GitHub, GitLab, Agile/Scrum, code reviews, testing, and production deployments.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3

Frontend Development: React.js, Redux, Context API, Tailwind CSS, Bootstrap 5, Vite, Responsive Web Development, Component-Based Architecture, Reusable Components, Lazy Loading, Code Splitting, Cross-Browser Compatibility

Backend Development: Node.js, Express.js, REST APIs, GraphQL, Prisma ORM, JWT Authentication, API Development, API Integration, Server-Side Development

Databases: MongoDB, PostgreSQL, MySQL, Redis, Database Integration, Query Optimization

AI & Modern Development: AI API Integration, Generative AI, Large Language Models (LLMs), Prompt Engineering, AI-Assisted Development, AI-Powered Web Applications

Shopify Development: Shopify App Development, Shopify APIs, Shopify CLI, Shopify Integration, Shopify Mobile App Builder, GraphQL

Testing & Quality: Functional Testing, UI Testing, API Testing, Integration Testing, Regression Testing, Manual Testing, Debugging, Troubleshooting, Quality Assurance

Tools & Platforms: Git, GitHub, GitLab, VS Code, Postman, NPM, Docker (Basic), AWS (Basic), Firebase, Webpack, Figma, Netlify, Vercel, Jest

Development Practices: Agile, Scrum, Version Control, Code Review, Sprint Planning, Performance Optimization, Accessibility, Production Deployment

PROFESSIONAL EXPERIENCE

Full Stack Developer

Mobidrag | Sep 2025 – Jul 2026

- Developed and maintained a production Shopify mobile app builder using **React.js, TypeScript, Node.js, Express.js, GraphQL, Prisma ORM, and PostgreSQL**.
- Built **25+ reusable and configurable React UI blocks** with real-time customization, improving component reusability and development efficiency.
- Designed, developed, and integrated **GraphQL and REST APIs** for reliable frontend-backend communication and application functionality.
- Implemented **drag-and-drop builder functionality, live preview, inspector settings, responsive layouts, and configurable no-code workflows**.
- Integrated Shopify APIs and developed **product, collection, localization, currency, and application-related functionality**.
- Performed database integration and optimization using **Prisma ORM and PostgreSQL**.
- Resolved **100+ UI/UX and functional issues** through debugging, troubleshooting, root-cause analysis, and collaboration with designers and developers.
- Collaborated with designers to implement **pixel-perfect Figma-based interfaces** and improve application performance and maintainability.
- Performed **functional, UI, API, integration, regression, manual, and cross-browser testing** to validate features and prevent regressions.
- Participated in **code reviews, sprint planning, testing, debugging, GitLab version control, and production deployment workflows** within Agile/Scrum teams.

Frontend Developer Intern – React.js & TypeScript

Aigetai Pvt. Ltd. | Jan 2025 – Aug 2025

- Developed and deployed **10+ modular and reusable React.js components** for responsive frontend applications.

- Integrated **RESTful APIs** for real-time features including video uploads and user profiles, contributing to a **35% increase in engagement**.
- Refactored existing JavaScript/React code to reduce code duplication by **25%**, improving maintainability and team productivity.
- Implemented responsive **Figma-based UI designs** with reusable component patterns and pixel-perfect accuracy.
- Implemented **lazy loading and code splitting** to optimize application performance and load time.

React.js Developer Intern

Golden Eagle IT Technologies Pvt. Ltd. | 4 Months

- Built responsive user interfaces across **3 commercial React.js applications** using Redux and Context API.
- Improved application load time by **40%** using dynamic imports and optimized component structures.
- Integrated REST APIs and collaborated with backend developers for state synchronization across application views.
- Participated in **Scrum meetings, peer reviews, testing, debugging, and sprint planning**.

Frontend Developer Intern

Bharat Intern | 1 Month

- Created **2 individual frontend projects** demonstrating responsive layouts using HTML, CSS, and JavaScript.
 - Built component-based UIs with interactive behavior using vanilla JavaScript.
 - Emphasized **mobile-first development and cross-browser compatibility**.
-

PROJECTS

Mobidrag – Shopify Mobile App Builder

Professional Project

- Developed a no-code Shopify mobile app builder with **reusable drag-and-drop components, live preview, configurable UI settings, Shopify APIs, GraphQL, and responsive application workflows**.

A.Videos – Video Sharing Platform

In Development

- Building a scalable video platform with **infinite scroll, video uploads, comments, and moderation**.
- **Tech Stack:** React.js, TypeScript, Tailwind CSS, REST APIs

PurpleCap – Gaming Startup Website

- Built an SEO-optimized responsive website with Redux-based state management.
- **Tech Stack:** React.js, Tailwind CSS, Redux, Context API

RentRover – Car Rental Booking Platform

- Developed a car rental booking platform with **filters, subscriptions, and real-time updates**.
 - **Tech Stack:** React.js, JavaScript, CSS3, Firebase
 - GitHub: github.com/akshat26120/RentRoverMajorMU
-

EDUCATION

Master of Computer Applications (MCA) — Medi-Caps University, Indore | 2022–2024 | CGPA: 7.6/10

Bachelor of Computer Applications (BCA) — Gyanodaya Institute of Technology & Management, Neemuch | 2019–2022 | 80.07%

CERTIFICATIONS

- Frontend Development Intern — Aigetai Pvt. Ltd.
- React.js Developer Internship — Golden Eagle IT Technologies
- Frontend Web Development — Bharat Intern
